# City Manager Updates

Public meetings for the National Disaster Resiliency Competition (HUD) are now completed. Thanks to all for attending.

Minot will submit application for Global recognition as one of "100 Resilient Cities" by 28 November 2015.

Updated Progress Photos on many projects around the city are included in this update. Visit our Construction and Projects page for video and details.

Very Respectfully,

Lee Staab

# Flood Protection

- Phase 1-3 Currently Under Design
  - Construction for Phases 1-3 (2017-2019)
  - Funding Status: Funds on hand for Phases 1-3
  - Property Acquisition Status: On-going (Approximately 75% complete)
- Phase 4 (Maple Street Diversion)
  - Multiple Sources of funding being pursued (Federal and State)
  - Design Phase concurrent with Phase 1-3 Construction Phase
- EIS (Environmental Impact Statement)
  - Currently being completed. Must be completed before construction on Phases 1-3 can proceed
  - Tentative Timeline (September 2016)
- Federal Legislative Meetings
  - Mayor and City Manager traveling to DC (15-19 November 2015)
  - Meetings with ND Legislators, OMB, USACE, and Fish & Wildlife

# Flood Plain Mapping

- FEMA revising City of Minot's flood plain maps
  - Draft maps to City expected late 2015 or early 2016
  - Series of public meetings will follow in 2016
  - Final map approval likely in late 2017 or early in 2018
- City staff working to enroll Minot in Community Rating System – This can potentially reduce cost of flood insurance
- FEMA and ND State Water Commission have approved City of Minot Draft Flood Plain Ordinance
  - Will go before City Council in October 2015

# Flood Protection Footprint Property

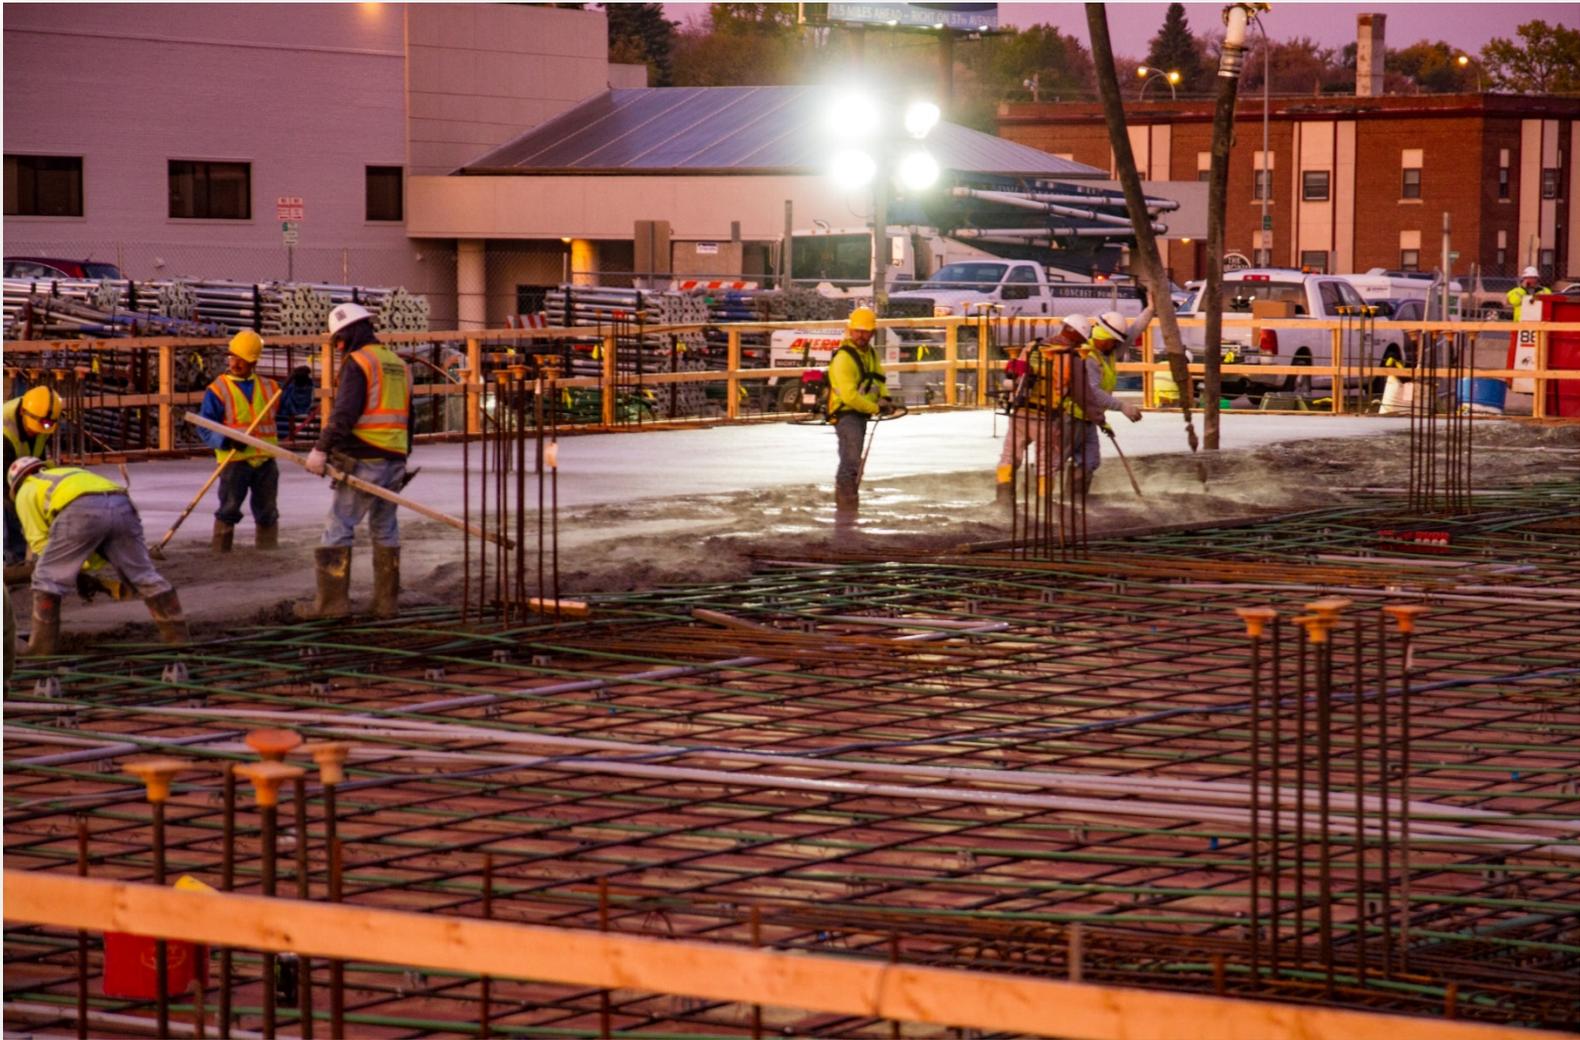

- 74 purchased structures have been demolished in 2015
- These purchases are mainly for Phases 1-4 and property acquired shortly after flood for interim flood protection
- Property Acquisition for Phases 1-3 must be completed by December 2016
- City of Minot Properties (after acquisition)
  - Public Property (Cannot be used as access by adjacent owners)
  - Public Property (Cannot be used for temporary storage of cars, material, etc.)
  - Local law enforcement will enforce public property standards
- **Greenway will be part of the newly constructed floodway**
  - Gateway to Magic City Greenway will be on the northeast side of Broadway bridge

# Downtown Parking & Infrastructure

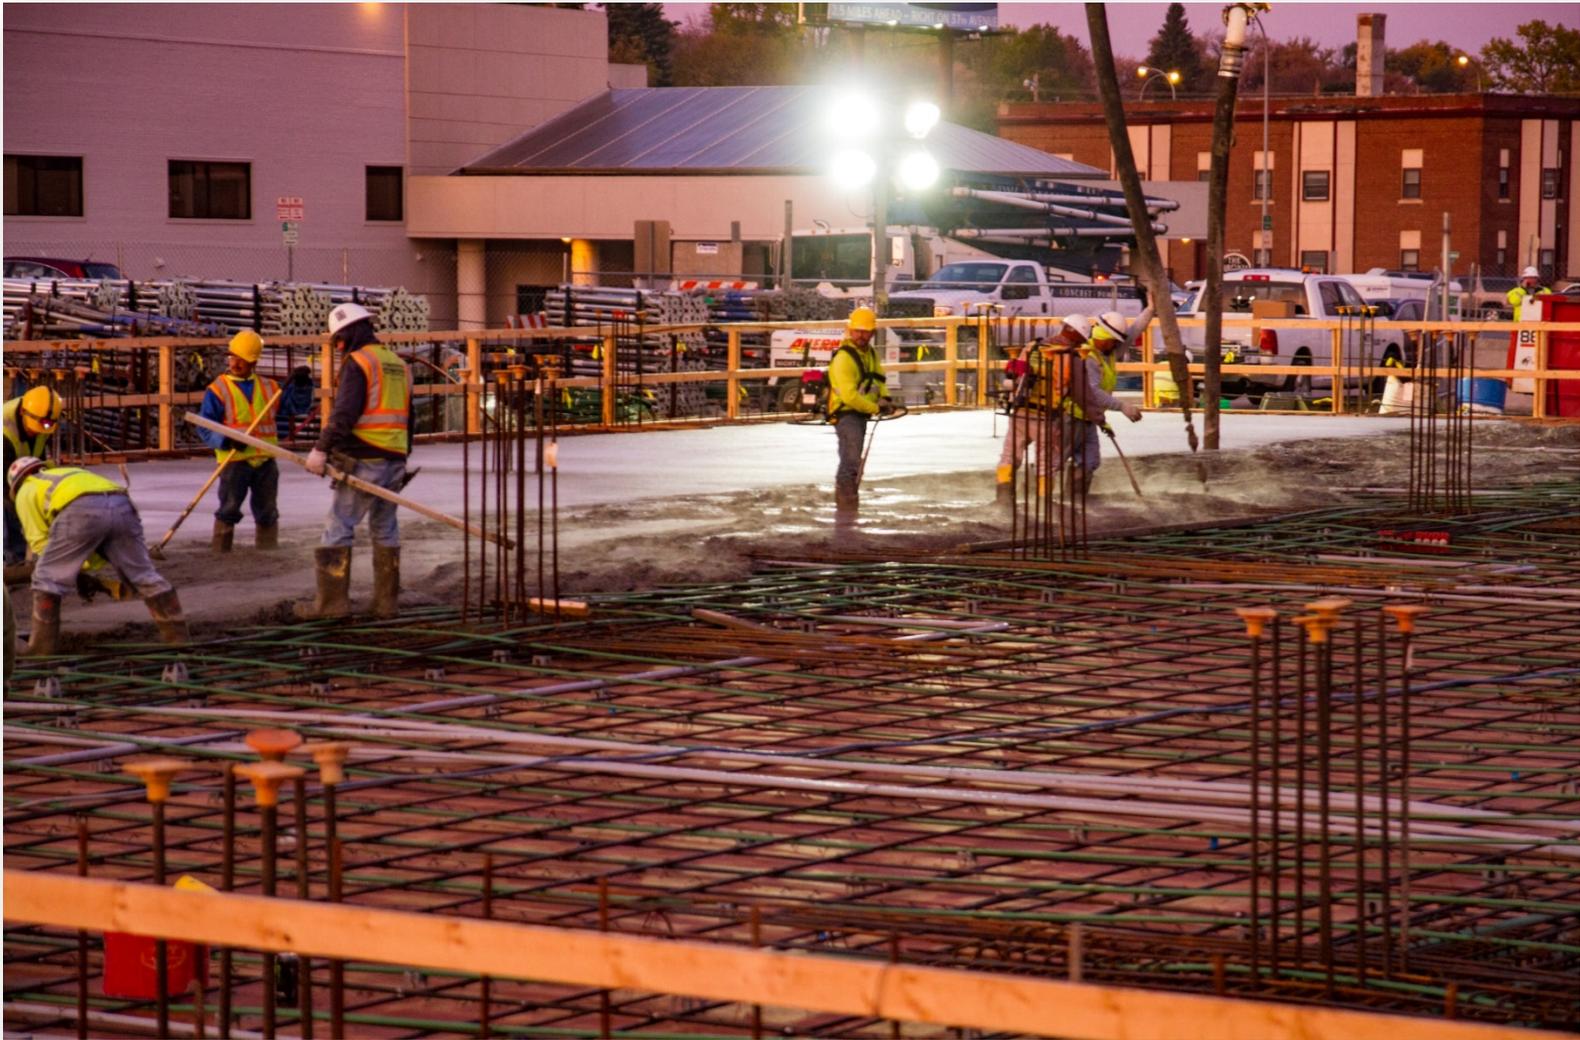

- Downtown Minot is Open (Infrastructure)
  - **Central Avenue will be open approximately 30 October 2015**
  - Central/Main intersection open to vehicle traffic (6 October 2015)
  - All work to be completed in Phase I (November 2015)
  - Contract requirements for Phase II (2016) under development
- Downtown Parking
  - 3<sup>rd</sup> Level on Renaissance Ramp placed (Work started on Podium)
  - Shoring on 2<sup>nd</sup> level of Central Ramp completed (Placement soon)
  - Renaissance Ramp Scheduled Completion (Nov-Dec 2015)
  - Central Ramp Lower Level Concrete Work (14-18 September 2015)
  - Central Ramp Expected Completion (January 2016)
  - Parking equipment will be in place Feb 2016
  - Renaissance apartment development (Apr 2016)

# Downtown Parking

# Downtown Parking

# Minot International Airport

# Magic City of Service

- City-wide Plan to match volunteers with requirements
- Guides leaders in the development of a City-wide Service Plan
- Network opportunity with other Cities of Service
- Establishes guidelines and priorities for community service
- Critical component of City of Minot's Community Plan
- Engagement/collaboration with multiple partners
- Targeted areas: flood impacted areas, community areas, etc.
- Use of SMART metrics to track impact (specific, measurable, attainable, relevant, and timely)
- Service and \$ leverage for HUD Resiliency Competition

# Minot Police Department

- Body Camera Equipment
  - Procurement actions have begun
  - Equipment testing and training period (Early 2016)
  - Issue of body cameras to all police officers (1<sup>st</sup> quarter 2016)
  - Please direct any questions to Chief Olson

# Next Update: 3 November 2015
