  - Winterize (Dec 2014)
- Apron
  - **Closed down for winter**
- Parking Lot – Phase I
  - Approximately 75% complete
  - **Opened 500+ parking spaces**
- Quality Construction Team
  - **\$14.6M of \$40.3M Billed**
- Staffing
  - Losing 1 in December
  - Hiring 2 in January

# Public Works LCIR

- Rosehill Cemetery
- **Bonnie Ripplinger retired from Public Works as the Supt. for Rosehill Cemetery after nearly 38 years of working for the City of Minot.**
- Crews from the Water/Sewer Dept worked with Wagner Construction to repair a leak in the 24" sanitary sewer forcemain.
- This forcemain serves over 75% of the City.
- Infrastructure Improvements
  - **Staff at PW are beginning design of 2015 infrastructure rehab projects.** These projects include watermain replacement, sanitary sewer rehab and storm sewer replacement.

# Critical Issue Updates

- **Flood Protection and Emergency Preparation Planning**
  - **Continued Development of Basin-wide approach to protection system**
  - Senior official meetings in Saint Paul and Washington, DC (Nov 2014)
  - Leveraging of multiple funding sources (Local, State and Federal)
    - **Includes HUD resiliency funding**
  - Local area involvement in aesthetics of flood protection system
  - **Coordination with Ward County Emergency Operations Planning**
- **Infrastructure Development and Planning**
  - Building Permit process clarity and refinement
  - Enforcement of requirements (Developments and Planning)
  - Seeing the future (25+ years ahead)
  - **Minimize disruption thru exhaustive planning**
  - Team effort (Engineers, Builders, Developers, Business Owners & Citizens)
  - **Planning for 2015 Construction Season on-going**

# HUD National Disaster Resiliency Competition

- Purpose: Award of ~\$1.0 B (Community Development Block Grant)
- Eligibility: Federal Disaster areas (2011-2013) (City of Minot 1 of 67 applicants)
- Intent: **Innovative/resilient revitalization projects that address unmet recovery needs**
- Phase I (Framing): Development of **basin-wide resilient approach that addresses all HUD requirements**
  - Initial Approach scoping underway (CDM Smith consultant)
  - Meeting held with Ward County (Nov 2014)
  - NDRC Summit held in Washington, DC (HUD & Rockefeller foundation)
  - Phase I addresses “What the city/basin want to achieve”
  - Community involvement, stakeholders and partnerships are critical
