# Transit Rules

Official Rule	Reasons For The Rule
No Smoking	Smoking can bother other passengers. City policy states no smoking in City owned vehicles.
No Drinking	If you spill something, it can get on other people and make floors and seats slippery.
No Eating	Same as above, plus food leftovers can attract pests.
No playing of any audio devices	Even with headphones on, loud music is distracting to the bus driver and disturbs other riders.
No cursing, swearing, or disruptive behavior	This can also bother other riders and distract the driver. Please keep your conversation to a low level.
No littering	Litter makes the bus unpleasant to ride in, harder to clean, and it can attract pests.
No hazardous materials, such as gasoline cans or car batteries.	Materials like these are a fire hazard, hazardous materials are not to be kept in confined areas.
All strollers must be folded.	Someone could trip over them in the aisle and they may block seats where people need to sit.
Do not open windows while climate control systems are in operation.	It makes it harder to heat or cool the bus. If you are too hot or cold, tell the driver; he or she may turn it on or off for a while to regulate the temperature.
Do not stick hands, arms or head out open windows.	This is common sense too; we want to get you to your destination in one piece!
Standing forward of the standee line is not permitted	The area in front of the yellow line on the floor must be kept clear so that the driver can see in all directions.
Conflict Resolution	Passengers who willfully become destructive, unruly or abusive to a bus driver or other passengers will not be allowed to ride the Minot City Transit until a parent or guardian of a minor, or the adult involved contacts the Transit Superintendent or the Public Works Director.
No Pets Allowed.	Some people may have allergies and also for sanitary reasons.

**“Official rules approved by City Council”**

## HOURS OF SERVICE

Minot City Transit service operates from 7:00 a.m. to 7:00 p.m. Monday through Friday. There is no Saturday or Sunday service. The only holidays that service is provided are Martin Luther King Jr. Day, Columbus Day, and Presidents Day. There will be no bus service on any other Federal holiday.

## BOARDING POINTS

You may board the bus at any street corner along the route or at a fire hydrant in the middle of a long block.

## BOARDING THE BUS

Have your fare payment ready before the bus arrives. **As the bus approaches, wave to signal the driver and step back away from the curb.** Wait for passengers to exit the bus before entering. If you use a mobility device, such as a wheelchair or walker, a ramp or lift may be deployed for you to board the bus. If you do not use such a device but require the ramp in order to safely board the bus, tell the driver that you need the ramp and he/she will lower the bus and deploy the ramp. After boarding and paying your fare, sit down so that the bus may proceed on the route.

## UNRULY BEHAVIOR

Passengers who willfully become destructive, unruly or abusive to the bus driver or other passengers will not be allowed to ride Minot City Transit buses until a parent or guardian of a minor, or the adult involved contacts the Transit Superintendent or the Public Works Director.

## TRANSFERRING

All transferring takes place at the Minot Civic Auditorium at the main entrance on the south side. **PLEASE ASK THE DRIVER FOR A TRANSFER TICKET WHEN YOU EXIT THE BUS. WHEN BOARDING THE NEXT BUS, INSERT THE TRANSFER TICKET INTO THE FAREBOX.**

## **HOW TO BOARD WHEELCHAIR - LIFT EQUIPPED BUSES**

1. Indicate you want the bus by waiting about 4 feet from the curb on the sidewalk of a street corner or bus stop.
2. The operator will open the door from inside and will come outside to operate the lift. The operator will lower the lift to the ground. Roll either forward or backward onto the lift. If possible, avoid bouncing onto the lift. When in place set your brake or turn off power.
3. The bus operator will raise the lift to floor level and ask you to release your brakes and roll off the ramp and proceed to the wheelchair tie-down area
4. The operator will stow the lift and for your safety, secure the wheelchair in the tie-down area.
5. The operator will secure you with a lap and shoulder restraint at your request (they are not required).
6. Approximately  $\frac{3}{4}$  block from where you wish to exit, push the “stop requested” tape or touch pad.
7. To exit, reverse the boarding processes and when the operator lowers you to ground level, exit carefully off the lift.

## **HOW TO BOARD WHEELCHAIR – RAMP EQUIPPED BUSES**

1. As the bus approaches your stop, be sure it is the correct bus before you try to board. Each AVTA bus has a destination sign over the windshield, and one on the curbside of the bus, displaying the route name and number.
2. Please wait until other passengers have boarded and position your wheelchair at least three feet back from the curb. The driver will extend the ramp so that you may enter the bus. Please listen and carefully follow any instructions given by the driver.
3. Roll your chair backward up the ramp. Once your chair is in position, lock your wheelchair brakes and the driver will use tie downs to secure you and your wheelchair.
4. Please tell the driver the location where you want to de-board so that the driver can properly position the bus at your departure point.
5. Your wheelchair must be properly secured and brakes set before the driver will move the bus.
6. Please signal your departure approximately one block ahead of your stop by using the signal cord or tape located above the window.
7. When it is clear to do so, the driver will extend the ramp so that you can carefully exit the bus.

## **PASSENGERS THAT CANNOT CLIMB STEPS**

1. When the operator opens the door, inform them that you need to use the lift or ramp

2. The operator will exit the bus, and direct you to step back while the lift is being deployed. The operator will then direct you to walk onto the lift.
3. The operator will then raise the lift to floor level and direct you to enter the bus from the ramp. Once seated, the operator will then stow the lift.
4. To exit the bus, push the “stop requested” touch bar or pad  $\frac{3}{4}$  block from where you wish to exit.
5. Reverse the boarding procedure and when the lift reaches the ground, carefully walk off the lift.

## **OPERATION OF BIKE RACK**

### **LOADING BIKES**

1. Prepare your bike for loading. Remove water bottles, pumps and other loose items that could fall off while the bus is in motion.
2. Inform the bus driver that you will be loading your bike. You must load your bike from the curb or in front of the bus. Do not step into oncoming traffic to load your bike.
3. Squeeze handle up to release latch, then fold down the bike rack. You only need to use one hand to unlatch and pull the bike rack down, so you can hold your bike with your other hand. It is not necessary to lean your bike against the bus.
4. Lift your bike onto the bike rack, fitting wheels into proper wheel slots. Each wheel slot is clearly labeled for the front wheel. The purpose of the directional placement is to make the bike nearest the bus easier to unload.
5. Raise the Support Arm over the front tire. The Support Arm's number one purpose is to add lateral support when the bus is in motion or at rest. Many bikes will sit in the wheel well without the use of the Support Arm, but rims and tires will sway back and forth without its use.
6. Board the bus and enjoy the ride! Choose a seat near the front of the bus to keep an eye on your bike. **DON'T FORGET** you have a bike with you when you get off at your stop. New riders often do!

### **UNLOADING BIKES**

1. Inform the bus driver that you will be unloading your bike as you approach your stop. Unload your bike from in front of the bus or from the curb, not from the street.
2. Raise the Support Arm off the tire. The Support Arm automatically folds down to a secure position.
3. Lift your bike out of the bike rack.
4. Fold up the Bike-Rack-for-Buses if there are no bikes on the rack and no one else is waiting to load their bike. The bike rack locks in place.
5. Step away from the bus with your bike.

# Frequently Asked Questions

## **CAN I MAKE A REQUEST FOR A RIDE AFTER REGULAR HOURS?**

Souris Basin Transportation installed an answering machine to accommodate calls after hours and on weekends. Call **839-7433** to request service.

## **WHAT IF I'M HEARING IMPAIRED?**

To accommodate those who need assistance, Souris Basin Transportation has installed a Telecommunication Display Device (TDD). Call **852-8008** to request service.

## **WHAT IF I NEED A PERSONAL AID TO TRAVEL WITH ME?**

If you require a personal aid to assist you, this will be addressed when filling out your ADA form. Upon ADA form approval, your personal aid may travel with you at no charge. Friends or relatives do not qualify as a personal aid unless they are listed on the ADA form. Should someone other than your personal aid wish to travel with you, they must pay the regular fare (same as your cost).

## **MUST I GIVE THE REASON FOR MY TRIP?**

No. The only information required is pickup time and destination.

## **WHO DO I CALL IF I HAVE A PROBLEM WITH ADA ELIGIBILITY?**

Should you be denied eligibility or lose eligibility for ADA transportation, the City of Minot would grant a hearing. This **appeal must be submitted within 60 days** of the denial.

## **WHO DO I CALL IF I HAVE TROUBLE WITH SCHEDULING OR BUSING?**

Contact the Dispatcher at **839-7433** or the Administration Office at **852-8008**. If the problem cannot be resolved, contact the City of Minot Bus Department at **857-4148**. The City of Minot will only address the problems of passengers that are **ADA APPROVED**.

## **WHAT IF I HAVE SOMEONE WHO IS COMING TO VISIT AND NEEDS ADA TRANSPORTATION?**

If the person coming to visit is certified ADA & has ADA identification, that person is allowed to use our system for 21 days. After that time, this person will be required to certify with the City of Minot.

# AMERICANS WITH DISABILITIES

Complementary service for those requiring specially equipped vehicles must be requested from the SOURIS BASIN TRANSPORTATION OFFICE at 839-7433 or the Administration Office at 852-8008.

## HOW DO I REQUEST INFORMATION ABOUT ADA SERVICE?

You need to contact the City of Minot at 857-4148 or Souris Basin Transportation at 839-7433 or 852-8008.

## HOW SOON MAY I RECEIVE SERVICE?

Service may begin as soon as the next day after a request. ALL requests for service must be made one day in advance of your appointment to allow the dispatcher to schedule a pickup time and a return time. For your convenience, an ADA eligibility form can be sent with the driver.

## MUST I BE PERMANENTLY DISABLED TO RECEIVE SERVICE?

No. Should you require ADA transportation because of a temporary disability, call and request service.

## WHAT IF I NEED ADA SERVICE ONLY DURING COLD WEATHER?

Contact the City of Minot or Souris Basin Transportation and arrangements will be made for your transportation needs.

## WHAT TIME DOES SERVICE START AND END?

Complementary service starts at 7:30 A.M. and ends at 5:30 A.M.

## WHAT DAYS CAN I EXPECT TO GET ADA TRANSPORTATION?
